QUIETER THAN A HUMAN WHISPER

Do you hear that? No? Mitsubishi Electric systems operate at low sound levels. Our indoor units produce decibels barely at a whisper level. Compare to other common sounds:

Ambulance siren	120 decibels
Circular saw	110 decibels
Vacuum cleaner	80 decibels
Normal conversation	60 decibels
Whisper	30 decibels
Our indoor units	19-34 decibels*

Did you hear that? We hope you did.

Source: National Institute for Occupational Safety and Health
 *Smallest to largest capacity indoor unit at low speed

FEATURES	BENEFITS
Inverter-Driven Compressors	Maximizes energy savings by using only the energy needed to perfectly cool or heat an area
Easy Installation	Installs quickly and easily, without the need for major construction and remodeling
Complete Zone Control	Realizes maximum control and energy efficiency by cooling and heating only those spaces in use
Personal Comfort Control	Complete comfort control of temperature, fan speed, and air direction in each room or zone
Cleaner Air with Washable Anti Allergen Filters	Improves air quality and saves money
Ultimate Energy Efficiency	With higher SEER and HSPF ratings
